October 18-19, 2019
Abstracts due by September 27, 2019

President's Message

It was a pleasure meeting many of you at Montclair State in 2018, and seeing so many presentations that highlight the importance of the research our members are doing. Kutztown University will host the 2019 meeting in Kutztown, PA. Kutztown University, founded in 1866 as Keystone Normal School, is a public university with a vibrant undergraduate geography program. We are located between the cities of Allentown and Reading and are close to New York City and Philadelphia.

Kutztown's Geography Department offers a Bachelor's degree in Geography in four different tracks: Environmental, General, Globalization, and Planning. The Department also offers a B.S. in Environmental Science. The Department also offers three minors to students: Environmental, General, and Planning.

The meeting will be held in the Boehm Science Building and in the McFarland Student Union. Lodging is available at nearby hotels. Kutztown hosted the Middle States Fall Meeting in 2007 but that was held in Reading. We are excited to showcase our campus in 2019! We will provide more information in the upcoming summer newsletter in July, so keep an eye out!

The six top individual scorers became the Middle States World Geography Bowl Team at the AAG Meeting in Washington, D.C. They were Dan Bouchard (Montclair), Sean McLaughlin (West Chester), Drew Arnum (SUNY Geneseo), Dan Ciarletta (Montclair), Sasha Liedman (Rutgers), and Zack Perry (SUNY Albany). Geography Bowl teams are made up of a maximum of six students of which one must be a graduate student, one an undergraduate student, one a woman, and one a man. Middle States Geographer

The *Middle States Geographer* is the official academic journal of the Middle States Division of the American Association of Geographers. The journal is published annually and includes papers from external submissions and the division Annual Meeting. The *Middle States Geographer* contains papers authored by both faculty and students (with peer-review by at least two reviewers) and covers a wide range of topics. All Journal Volumes are freely available from the **website**. We invite all who present papers at the upcoming Fall 2019 MSDAAG meeting to submit a manuscript for publication in the next issue of the *Middle States Geographer*, although manuscripts from all researchers are welcome.

Paper submission guidelines are available on the journal's website at: msaag.aag.org. You may also contact the editors: Adam Kalkstein at the USMA West Point, Adam.Kalkstein@usma.edu or Paul Marr at Shippensburg University, pjmarr@ship.edu if you have questions about submitting a manuscript or if you are interested in serving as a reviewer. Students presenting papers (faculty co-authors may be included after the student award competition has occurred) should consider submitting their paper for publication in the journal. The *Middle States Geographer* is entirely an online journal. Articles from 1968 (Volume 8) through 2017 (Volume 50) may be viewed at the journal website. The 2018 issue (Volume 51) will be available soon. The online format of the journal widely increases accessibility to readers and exposure for authors, while reducing printing costs. Furthermore, color graphics are now possible at no cost to authors.
